Dangerous Goods Training

Our **Dangerous Goods Training** gives the operational flexibility and offers the possibility of initial and continuous training when and where it is needed. Beside the operational benefits, our training can help you to save training costs and is based on the current **IATA Dangerous Goods regulations**.

- Flight / Cabin crews
- Flight operations officers
- Ground staff

The overall goals of our Dangerous Goods Training Program are:

- To increase aviation safety through improved training and evaluation
- To be responsive to changes in dangerous goods regulations and handling
- Decrease Training Costs

The Dangerous Goods Training includes:

- General philosophy
- Limitations
- General requirements for shippers
- Classification
- List of dangerous goods
- General packing requirements
- Packing instructions
- Labelling and marking
- Shipper's Declaration and other relevant documentation
- Acceptance procedures
- Recognition of Undeclared Dangerous Goods
- Storage and loading procedures
- Pilots' notification
- Provisions for passengers and crew
- Emergency procedures
