

Course

ETOPS for Part 145 & CAMO

Extended-range Twin-engine Operation Performance Standards (ETOPS)

Course Description

The ETOPS Maintenance Training provides maintenance personnel with general information on ETOPS regulation, certification and operation.

It includes the ETOPS, maintenance and dispatch requirements of current **EASA regulations, Part 66 Appendix 1, Module 10.7 (b)**. Industry best practices demonstrate the CAMO's duties, responsibilities and necessary interactions with maintenance and operations departments.

Course Content

Upon completion of the course, the student has received general information on:
