

Letter of Conformity

This is to confirm that the

“Dangerous Goods Training 2019 for Categories 7 to 11 and 13 to 17 “

provided by infoWERK Medien & Technik GmbH, setup on the LMS Training Portal is in compliance with:

**ICAO Technical Instructions for the safe transport of Dangerous Goods and
IATA DG regulations 60th edition**

Training subjects shall include but are not limited to the following (when applicable for the Category):

- General philosophy
- Limitations
- List of dangerous goods
- Labelling and marking
- Shipper's Declaration and other relevant documentation
- Recognition of undeclared dangerous goods
- Storage and loading procedures
- Pilots' notification
- Provisions for passengers and crew
- Emergency procedures

All requirements and updates are documented in infoWERK's internal Quality Management System.

The Dangerous Goods Training 2019 is currently approved by:

- ACG (Austrian authority) for DG Recurrent Training for CAT 7-11
- FOCA (Swiss authority) for DG Recurrent Training for Cat 10&11, 16&17

Please make sure you still inquire about your country regulations for additional national laws.

Significant changes and amendments

The Dangerous Goods Training for 2019 has been revised to meet the requirements of the Dangerous Goods Regulations 2019 (IATA 60th Edition).

The following topics / chapter have been revised:

- Dangerous Goods Carried by Passenger or Crew incl. provisions applicable to battery-powered mobility aids, Table 2.3.A, radiopharmaceuticals and the transport of carry-on baggage which cannot be accommodated in the cabin;
- Clarification on recurrent training requirements;
- Marking & Labelling incl. new Class 9 lithium battery hazard and Lithium battery handling label;
- Shipper's Declaration; and
- Notification to Captain.
