

Letter of Conformity

This is to confirm that the

“Airside Safety Training v01“

provided by infoWERK Medien & Technik GmbH, setup on the LMS Training Portal is in compliance with:

IATA / ISAGO Standards Manual Airside Safety Training Specifications

The following theoretical training topics are included:

- Safety Philosophy
- Safety Regulations
- Hazards
- Airside Markings and Signage
- Aircraft Marshalling
- Emergency Situations
- Foreign Object Debris and Damage (FOD) prevention
- Personal safety (protection)
- Accidents, Incidents, Near Misses
- Airside Safety Supervision
- Adverse weather
- Low Visibility Operation
- Bird & Wildlife Hazard Control

Note: Human Factors are covered in the course “Human Factors for Airports”

All requirements and updates are documented in infoWERK’s internal Quality Management System.
