

This is to confirm that the

“Dangerous Goods Training 2024”

provided by infoWERK Medien & Technik GmbH is in compliance with:

ICAO Technical Instructions for the safe transport of Dangerous Goods and IATA DG regulations 65th edition (2024)

and fulfills the requirement of training and assessment in the fields of:

- (a) general familiarization training—personnel must be trained to be familiar with the general provisions;
- (b) function specific training—personnel must be trained to competently perform the function for which they are responsible; and
- (c) safety training—personnel must be trained on how to recognize the hazards presented by dangerous goods, on the safe handling of dangerous goods and on emergency response procedures.

The operator is responsible to assign the appropriate training modules, according the training needs table, to ensure that the personnel are competent to perform any function for which they are responsible for.

Please make sure you still inquire about your country regulations for additional national laws.
