

This is to confirm that the

“Fire Fighting and Smoke Training v03“

provided by infoWERK Medien & Technik GmbH, setup on the LMS Training Portal is in compliance with:

AMC/GM TO ANNEX III (PART-ORO)

The following theoretical training topics to support the practical training are included:

- reactions to emergencies involving fire and smoke and identification of the fire sources;
- classification of fires and the appropriate type and techniques of application of extinguishing agents, the consequences of misapplication, and of use in a confined space;
- Lithium Battery Fire

Note: General procedures of ground-based emergency services at aerodromes are not included

All requirements and updates are documented in infoWERK's internal Quality Management System.
